

Some Tips

Some Tips

1. Establish some credibility first (papers!!!)

Some Tips

1. Establish some credibility first (papers!!!)
2. Just starting writing — Don't wait for the perfect idea

Some Tips

1. Establish some credibility first (papers!!!)
2. Just starting writing — Don't wait for the perfect idea
3. Highlight stuffs (MSI, EPSCOR status etc)

Some Tips

1. Establish some credibility first (papers!!!)
2. Just starting writing — Don't wait for the perfect idea
3. Highlight stuffs (MSI, EPSCOR status etc)
4. Rejections → Revise + Resubmit + talk to PO (repeat)

Some Tips

1. Establish some credibility first (papers!!!)
2. Just starting writing — Don't wait for the perfect idea
3. Highlight stuffs (MSI, EPSCOR status etc)
4. Rejections → Revise + Resubmit + talk to PO (repeat)
5. Low hanging fruits – Try, maybe don't over do it

Some Tips

1. Establish some credibility first (papers!!!)
2. Just starting writing — Don't wait for the perfect idea
3. Highlight stuffs (MSI, EPSCOR status etc)
4. Rejections → Revise + Resubmit + talk to PO (repeat)
5. Low hanging fruits – Try, maybe don't over do it
6. Joint publications before collaborative proposals (Track 4 story)

Some Tips

1. Establish some credibility first (papers!!!)
2. Just starting writing — Don't wait for the perfect idea
3. Highlight stuffs (MSI, EPSCOR status etc)
4. Rejections → Revise + Resubmit + talk to PO (repeat)
5. Low hanging fruits – Try, maybe don't over do it
6. Joint publications before collaborative proposals (Track 4 story)
7. Focus on Broader Impacts too (new cool ideas???)

Some Tips

1. Establish some credibility first (papers!!!)
2. Just starting writing — Don't wait for the perfect idea
3. Highlight stuffs (MSI, EPSCOR status etc)
4. Rejections → Revise + Resubmit + talk to PO (repeat)
5. Low hanging fruits – Try, maybe don't over do it
6. Joint publications before collaborative proposals (Track 4 story)
7. Focus on Broader Impacts too (new cool ideas???)
8. Role of mentors — take advice & follow own instincts

Some Tips

1. Establish some credibility first (papers!!!)
2. Just starting writing — Don't wait for the perfect idea
3. Highlight stuffs (MSI, EPSCOR status etc)
4. Rejections → Revise + Resubmit + talk to PO (repeat)
5. Low hanging fruits – Try, maybe don't over do it
6. Joint publications before collaborative proposals (Track 4 story)
7. Focus on Broader Impacts too (new cool ideas???)
8. Role of mentors — take advice & follow own instincts
9. After funding??? — good problems to have :)

Some Tips

1. Establish some credibility first (papers!!!)
2. Just starting writing — Don't wait for the perfect idea
3. Highlight stuffs (MSI, EPSCOR status etc)
4. Rejections → Revise + Resubmit + talk to PO (repeat)
5. Low hanging fruits – Try, maybe don't over do it
6. Joint publications before collaborative proposals (Track 4 story)
7. Focus on Broader Impacts too (new cool ideas???)
8. Role of mentors — take advice & follow own instincts
9. After funding??? — good problems to have :)

Finally, I am happy to collaborate/mentor/review, etc...
